One Flag, One Land, One Heart, One Hand. Happy Independence Day!

July is Firework Safety Month

Fireworks during the Fourth of July are as American as apple-pie, but did you know that two out of five fires reported on that day are started by fireworks, more than for any other cause? The good news is you can enjoy your holiday and the fireworks. The safest way to enjoy fireworks is to attend a public display conducted by trained professionals.

★ Fireworks Safety Tips ★

- ★ Never allow **children** to play with or ignite fireworks.
- ★ **Never** try to **re-light** or **pick up** fireworks that have not ignited fully.
- ★ Keep a **bucket of water** or a **garden hose** handy in case of fire or other mishap.
- ★ Make sure fireworks are **legal** in your area before buying or using them.
- ★ Light fireworks **one at a time**, then **move back** quickly.
- ★ More Fireworks Safety Tips – www.cpsc.gov/fireworks

What to do for a fireworks eye injury

If an eye injury from fireworks occurs, remember:

- Seek medical attention immediately.
- Do not rub your eyes.
- Do not rinse your eyes.
- Do not apply pressure.
- Do not remove any objects that are stuck in the eye.
- Do not apply ointments or take any blood-thinning pain medications such as aspirin or ibuprofen.
